

What is day camp?

Day camp is a great opportunity for your dog to get a lot of exercise and attention from our staff. Day camp dogs will enjoy a day of outdoor play every 1 ½ – 2 hours, play time is dependent on their choice of play and weather, they can run and play, chase a ball, jump in a pool and have fun with our staff and/or a few furry friends if they choose! Other times they can relax in a climate controlled area with toys, kongs and treats. Usually they will be “pleasantly pooped” when they get home and happily relax by your side. Day camp is a great option for pet parents who need daily pup supervision or just some one-on-one attentive care while you are at work, play or just need a break for a bit.

Day camp hours are Monday through Friday from 7:00 a.m. to 7:00 p.m. Pups that don't socialize well can play with our staff – we have lots of toy options and play equipment.

Day camp pricing: **\$25.00 per full day (package pricing available & recommended)**
 20 day package: \$440
 12 day package: \$276
 8 day package: \$192
\$13.00 for half day (package pricing available & recommended)
 10 day package: \$121

What do we require?

We require your dog to have proof of all vaccinations, spayed or neutered, on a flea preventative and free of any parasitic conditions. In detail, the following:

- **Rabies vaccination, Distemper/Parvo vaccination, Bordetella (flu vaccination if recommended by vet)**
- Flea and parasite treatment in place
- Females spayed and males neutered after 7 months of age
- Dogs coming in for day camp need to be wearing a standard leather or nylon collar and be brought in on a leash... **no pinch collars, head collars, harnesses, or metal collars.**

Please don't allow your dog to use the bathroom near our entrance – this causes a chain reaction and all other dogs do the same! There is a grassy area on the right hand side of our building – please use that area if needed.

What should I expect the first day?

You will be asked to schedule your dog's first visit so we can evaluate him/her. We will introduce your dog to the facility, inside and out, determine their level of play/energy and a daily schedule that fits their needs. You will also have a short form to complete so we can get contact info and emergency contacts. Their daily visits will be catered to their wants/likes and our staff will always let you know if anything arises during the day that needs to be brought to your attention.

Grooming

Our groomer does an excellent job on any of our spa guests! Our goal is to make the experience a positive one with lots of love. Let us know if you would like to schedule a spa day for your pup while they are here!

Safety?

We monitor all activity at all times to ensure your dog is safe and happy. If you ever have any concerns, please let us know so we can address them. We have two veterinarians on call that we can reach out to anytime. If there should ever be a reason for concern – we will call you immediately and get veterinary counsel. You should be confident that we will treat your pup just like one of the family. Our indoor areas are surrounded by 2-door barriers and our 15,000 square foot outdoor facility has 8 foot tall fencing with a 2 foot wide ground fence attached, no one getting over or under!

From Us to You... We are dedicated to providing the highest quality care for your dog and the best customer service to you! If you ever have a question or concern we encourage you to bring it to our attention.

Thank you for choosing ALL FUR Fun!
